

Teder's Talk March 2008

Clark was able to go to a local village one of the first weekends we were here to show the "Jesus" video along with an AIDS education video. A bonus was to deliver about 80 Samaritan's Purse Christmas shoeboxes to the children that were there. The overnight stay was a wonderful welcome-back present for Clark, despite getting the 4 wheel drive stuck 3 times on the way home. There is a new video called 'The Hope' video that is being translated in some of the languages here in PNG. We went to a viewing to learn more about this new ministry tool. The basic premise is to use selected stories from the Old Testament that prophesy the coming of Jesus and to give key scenes of Jesus' life and purpose. It is a new opportunity that is being explored, and we are very interested in the results of the trial showings. We hope to share more in the future about this.

Just wanted to let you know what Clark will do to get out from behind his desk! He is helping the men that work in his department pick up the trash. We are a mission center with over 500 people. We do accumulate trash. Someone has to take care of it. This is one of the many tasks Clark's department takes care of for the center on a weekly basis.

NEEDS & PRAISES:

Praise the Lord that we have peacefully resolved a situation concerning our river water that supplies our homes with water to shower, wash, & flush toilets.

Praise the Lord for the rain that filled our drinking water tank.

Pray for Clark as he continues to deal with a local bridge that is threatening to wash out. This bridge is vital for our receiving food and fuel supplies.

Pray for Aaron as he has injured his back playing basketball and is in quite a bit of pain, but does not want to give it the rest needed for healing.
